

## Vikings Drop Games To Fairview And Kalkaska

Next Game Friday, February 9, Here

The Vikings of Grayling High School through two bad breaks dropped a game to Fairview here Tuesday night that was already in their win column. Leading as the third quarter got underway, the Vikings in two swift blows lost the services of Peewee Laurent and Jim McClain and consequently the ball game.

Laurent slipped and fell while after a loose ball and injured himself to the extent that he lost consciousness for about two hours. He was taken to the hospital where he spent Tuesday night under observation. Although he did not hit his head, he seemed to fall on one arm which it was believed gave him a heavy blow over his heart. In a few more seconds McClain was called on two successive fouls while playing hard ball following the loss of Laurent. Fairview then went on to win 24 to 21.

## Indies, Kiwanis Are Victors

The Grayling Independents defeated the Roscommon Indies and the Grayling Kiwanis Club triumphed over the Grayling Firemen in a March of Dimes basketball game held in the Grayling High gym last Thursday night.

The Indies led by Ed Chalker with 15 points and Ross Thompson with 14 dropped Roscommon by a 46 to 38 score. Grayling managed a 12 to 10 lead by the end of the first quarter and fashioned a 21 to 12 lead by halftime. At the end of the third frame Roscommon had swung into a 28 to 27 lead as Jim Rutledge scored 9 points for Roscommon. Grayling came back to count up 19 points in the final period while holding the visitors to 10. Rutledge with 14 points led the losers.

The Kiwanians took the measure of the Firemen 32 to 26 in a crowd pleasing contest. The visitors used a two platoon system that wore the smoke eaters down.

The Indies were scheduled to meet the Mesick All Stars here this Wednesday night with a preliminary set between two girls teams.

He told of the various sessions held during the two day meeting and called upon vice presidents Max Davenport and Charles D. Piper and Earl Burns and Carl Strobel for further remarks of the conference which all of them attended.

President Milnes named Willard Cornell, Dr. J. F. Cook and Larry Galehouse as a committee to make arrangements for an Eighth Division of Kiwanis bowling tournament to be held here some time in March. Grayling will probably be represented by two teams and other club teams are expected from Gaylord, Traverse City, Manistee, Cadillac, Marion and Houghton Lake.

## Funeral Held For AARON DECKROW

Funeral services for Aaron Walter Deckrow, 23, who was fatally injured while working with a construction crew at Pontiac, were held at Michelson Memorial Church Monday afternoon at 2 o'clock. Special music was presented by Mrs. Amy Gothro and Don Gothro with Mrs. C. G. Clippert at the organ.

Rev. R. C. Puffer officiated and interment was in Elmwood Cemetery. Pallbearers were Lloyd Berry, Jr., Kenneth Baker, A. J. Trudeau, Jr., Don Barber, Richard Niederer and Robert Smock.

Mr. Deckrow was fatally injured about 3:30 o'clock Thursday afternoon while working for the Ray D. Baker Construction Co., on a pipe laying project at Pontiac. He died at 6:07 P. M. at the Pontiac General Hospital from his injuries.

He was born in Grayling July 27, 1927, where he attended Grayling High School.

Surviving are his parents, Mr. and Mrs. John Deckrow of Grayling; a brother, Howard, of Grayling; and one sister, Mrs. Leona Goward, of Mt. Morris. Another brother, Theron, was killed in World War II.

Here to attend the services were Mr. and Mrs. Keith Goward and children of Mt. Morris, Mr. and Mrs. Clarence Hanover and two sons, Mr. and Mrs. George Hanover and Mrs. Anna Hanover of Bay City, Mr. and Mrs. Walter Hanover and son of Saginaw, Mr. and Mrs. A. Bailey and daughter, Natalie, of Keweenaw Harbor, Mr. and Mrs. Ralph Oakes of Flint, Mr. and Mrs. John Stuke and three girls of Flushing, officials from the Ray D. Baker Company, and the crew with whom Mr. Deckrow worked at the company.

Good ball handling and a really "hot" Kalkaska guard named Lantzer teamed up to hand the Grayling Vikings a defeat at Kalkaska last Friday night, 44 to 25. Lantzer scored 18 points while making 8 field goals on 18 tries and added a couple of free throws.

Grayling was in the ballgame right up to 30 seconds from halftime when they trailed 17 to 15. But in that final 30 seconds Kalkaska scored 6 points as the Vikings kept rushing the ball into play and taking wild shots at the basket. Kalkaska recovered the ball three times before Grayling could rally their defense.

The second half saw things go from bad to worse as far as Grayling was concerned. The inexperienced Grayling boys pressed hard to get the ball, leaving holes in their defense while their offense was so rushed by a rugged Kalkaska defense that their hurried shots were ineffective.

The team faced a shake up to work out a better lineup. Jim Burch and Jim McClain will trade positions in an attempt to get more points out of them. Burch was scoreless in his first game as a center and will be placed back at his old spot of forward where he has maintained a 10 point per game average. McClain led the Vikings offensive with 10 points against Kalkaska.

The little Vikings again were tripped up by 2 points as Kalkaska outscored them 20 to 18. Although Grayling got many more shots than Kalkaska, they just couldn't seem to hit. Free throws were the same story as Grayling made 6 out of 18 attempts while Kalkaska made 6 out of 11. Marvin Bielski led Grayling with 5 points. The reserves missed the services of Johnny Niederer as they lost the ball several times as they were bringing it up the floor. They however, looked better than they did the week before against Roscommon.

Grayling's next scheduled game is with Lake City here on Friday, February 9.

## Select Junior Winter Grayling Queen, King

A junior Grayling Winter Queen and King were selected at a small neighborhood skating rink at the end of Pontiacular Street last Saturday. Nancy Wilcox was selected as Queen and Tommy Edwards as King.

A new queen and king will be selected each Saturday afternoon at 3 P. M. it was reported. The selection is made by drawing a name from a hat and with a new queen and king selected each week the honor will be passed around the group of children who skate there.

## Free Methodist Church Starts Renovation

The installation of a gas floor furnace week before last in the Grayling Free Methodist Church by Don Weaver was the beginning of a major renovation project which will completely change the interior of the church. Last week the church was completely rewired by Aubrey Blaine. This week the walls are being finished with celotex by Leland Marshall and his men.

The project also includes new window panes, venetian blinds, new light fixtures, new pews, new floor mat, and a rebuilt platform.

The estimated cost of the project is \$1,000, which is being raised by cash and pledges. To date \$600 has been either pledged or donated in cash or labor, which leaves a balance of \$400 needed to complete the whole project.

We invite all of you to stop the next time you are going by the church walk right in, for the door will be unlocked, and see what these improvements are doing for our church and our community.

After many false starts the Ladies Shuffleboard League is really off to a flying start. Six teams are in the league, Marys in Gaylord, Doreys from Vanderbilt, Norwood from Gaylord, Papa Joe's from Waters, Horseshoe Lake and Hinkles from Frederic. The Hinkle girls took five out of nine games from Horseshoe Sunday night. Next Sunday the Horseshoe girls have a chance to get even.

Thursday night Hinkle's mens team goes to Kalkaska for a courtesy game with the Kalkaska Hotel team. Friday night, in their own league they play Drouillard's at Horseshoe Lake.

Mr. and Mrs. Roy Eckhardt and children called on the Hinkles. Mrs. Eckhardt is Mrs. Hinkle's cousin and lives near Kalkaska. They report lots of snow over there.

As this goes to press, the thermometer says 20° below and everyone seems to have the home fires burning.

Mr. and Mrs. Kenneth Leng of Ashtabula, Ohio, visited last week at the home of Mr. and Mrs. Wm. Leng.

Otis Weaver is now our new school janitor.

Lefty Johnson and Hans Jungman of Frederic were among those who attended the rabbit dinner sponsored by the American Legion at Grayling Wednesday night. The boys report a lovely dinner plus an abundance of rabbit.

Church services were held Tuesday night at the home of Mr.

and Mrs. E. Walker in Frederic. John Mertes celebrated his 12th birthday at home Monday. His "Mom" baking one of those delicious birthday cakes besides all the other goodies for him.

Ray and Eva Horner, Herald and Dorothy Mertes were Sunday guests of Roy Lance and wife. The day was enjoyed by all.

Mrs. Mable Cooke is doing the campaigning in Frederic for the Polio Fund. Mable says each one is responding nicely.

Johnnie Harmer and wife of Flint spent the week end with his parents, the Pete Harmers in Frederic. They also attended the Sportsman's party at the Town Hall Saturday night.

Don't forget those reliable fish decoys made by Guy Roby, may be purchased at Speeds Recreation in Frederic.

The Frederic fishermen are still at it with good reports. Charles Madill motored to Bay City Monday to attend the funeral of a friend, Mr. Bosco.

Barney Sajdak made a business trip to Mt. Pleasant Tuesday. Barney's team took 7 from Nixons. The AuSable Women bowling team took four points

from the AuSable mens team. Jennie Lee and Lana Jungman have left to be in Detroit with her husband, Eddie.

Mr. and Mrs. Schrandas of Frederic are the proud parents of a baby girl, born Sunday morning at the Grayling Hospital.

Virgil "Fire" Trucks and Bob Swift with the Detroit Tigers called on several taverns in the north including Frederic and Grayling, during the last week, sponsoring for the Pfeiffer's Brewing Co.

Our Sportsmen of Frederic and Maple Forest really know how to put the parties over. Saturday evening was spent with dancing, pictures and lunch with refreshments. Those Cooke Brothers of Grayling and their dance band sure know how to entertain and keep you dancing.

The ladies auxiliary donated \$60 to the club and about 10 new members signed. The members are planning on feeding the deer around Frederic, also planning on another party the 17th of February. Anyhow this one was a complete success financially and otherwise. Many out of town folks were present and we hope they'll come again.

## Where Economy Is Never Mentioned

In one of his recent columns, Frank R. Kent, dealt with the last annual report made to the President by his Council of Economic Advisers.

Here, in part, is what Mr. Kent had to say: "From the first of the report's several thousands words to the last, the words economy or savings do not occur. From start to finish, it never once touches upon the idea that the fiscal soundness of our position in these days of gigantic expenditures for defense could be improved by sharply curtailing non-defense expenditures. Nor does it touch upon the undisputable fact that we can aid our allies only so long as we ourselves are strong. Actually, the defenders of the council have proclaimed its belief that non-defense expenditures must increase along with defense expenditures."

That is an accurate description of the kind of advice the President is being given by the men who are supposed to keep him thoroughly versed on the economic realities of life in this chaotic era. It is a philosophy of "spend and spend and spend," without regard to what this will do to the economy on which our military strength, like everything else, depends. Most ironical of all is the fact that many of those who want ever-rising non-defense spending, which is the surest possible way to create runaway inflation, are at the same time shedding crocodile tears about the upward trend of prices.

Senator Byrd estimates that a minimum of \$7,000,000,000 could be cut from next year's budget without touching any military appropriation. Here is a voice in the wilderness that must be heard if this country is to survive in strength and freedom. But not until the people, who are being forced by ever-increasing taxation to a lowered standard of living, demand an end of unnecessary Federal spending, will they get any relief.

Seems Like Everybody Wants

BLUE CROSS-BLUE SHIELD \*

And naturally, because Blue Cross-Blue Shield gives more health care protection at lower cost

WHEN YOU ENROLL in Blue Cross and Blue Shield you automatically get all the advantages of Michigan's only non-profit health-care plans that save you money, give you more benefits. For example, there is no cash limit on the benefits provided by the Blue Cross Hospital Plan. Blue Cross pays the cost of ward or semi-private hospital room, according to the service for which you are enrolled, for 120 days, regardless of what the hospital charges. Certainly this feature alone is far superior to other programs that place a definite cash limit on the room rate per day.

Regardless of Cost . . .

Blue Cross gives more for less

What's more, Blue Cross covers a wide range of hospital services—meals . . . special diets . . . general nursing care . . . special drugs and dressings . . . and many others all without cash limit. Many cases in the Blue Cross files show \$1,000 and more paid for special drugs alone.

Blue Shield Surgical Plan pays liberal amounts for stated surgical procedures—Medical-Surgical Plan includes payments for your doctor's visits to the hospital, in non-surgical cases. It's worth many times the low cost of these plans, just to know substantial payments will be made toward your doctor's bills!

You owe it to yourself . . . enroll now in BLUE CROSS-BLUE SHIELD

Ask your employer about making these plans available where you work. Employed people may enroll themselves and their families through the Group Enrollment Plan without physical examinations or health statements, and there is no age limit.

NOW . . . one out of every 3 Michigan residents has Blue Cross-Blue Shield protection—how about you?

So many people want to know about Blue Cross-Blue Shield that we sometimes fall behind in handling their inquiries. If you have asked for information on Blue Cross-Blue Shield, be assured full details will be sent to you at the earliest possible date.

when we ended up \$21,000,000 in the red.

So we face a huge problem. Last year we cut the budget by about 10% and many of you did not like it. We received many letters of protest because of the action we took in trying to save some money. Even though we cut the budget again, our problem cannot be solved without some additional taxes. No one likes to hear about that. In spite of all the publicity about the fact that the State is now in the red for the first time since the Sales Tax went into effect, it appears that the general public still believes that the State General Fund is inexhaustible.

So now comes the letters. Already we have received many asking for more funds for this, that, and the other thing. There will be requests for additional funds for education, libraries, welfare, health, civil defense, veterans, and I could name dozens of others. Each will give good reasons why they could use more. Now don't get me wrong. I am not complaining because you write me. I like to hear from the people in my district. I want to know what your needs and your troubles are, but I wish you would help me. The next time you make a request for additional funds, please don't make the request unless you also tell me the additional tax that you are willing to have imposed on yourself and the rest of the citizens of Michigan to pay for it.

From the above information you can, I hope, clearly understand why we cannot consider additional appropriations without additional taxes.

The long-discussed Mackinac Straits bridge may be dropped again. Legislators, most of whom are pessimistic about the project, now are dragging possible material shortages out on the bag to kill the issue. And they all gasp at the cost.

Michigan has 32,182 persons on federal civilian payrolls. It may be frightening to realize so many are supported here by taxes, but California has six times as many federal employees. In Michigan the postoffice leads the pack with 15,190 employees listed.

The Conservation Department again will ask for discretionary power over Michigan's deer herd. Efforts in the past have failed. Will the Legislature give up its authority over the department this year?

Michigan is receiving recognition for pioneering with its mobile hearing trailer units. Health workers of 15 other states as well as the federal security administration and the United Nations health headquarters are asking for copies of the plan.

But Dr. Lee M. Thurston, superintendent of public instruction, fears that trend toward increasing reliance of localities upon state-collected funds for schools support is lessening the local sense of possession—and, consequently, the sense of responsibility toward the community institutions.

The superintendent also advo-

icates more community colleges to bring at least junior colleges within reach of students living in areas remote from the existing colleges and universities.

This year is expected to be a good one for all-out farm production. Even with ceilings, prices will be high, economists say, and farmers can expect a good net income.

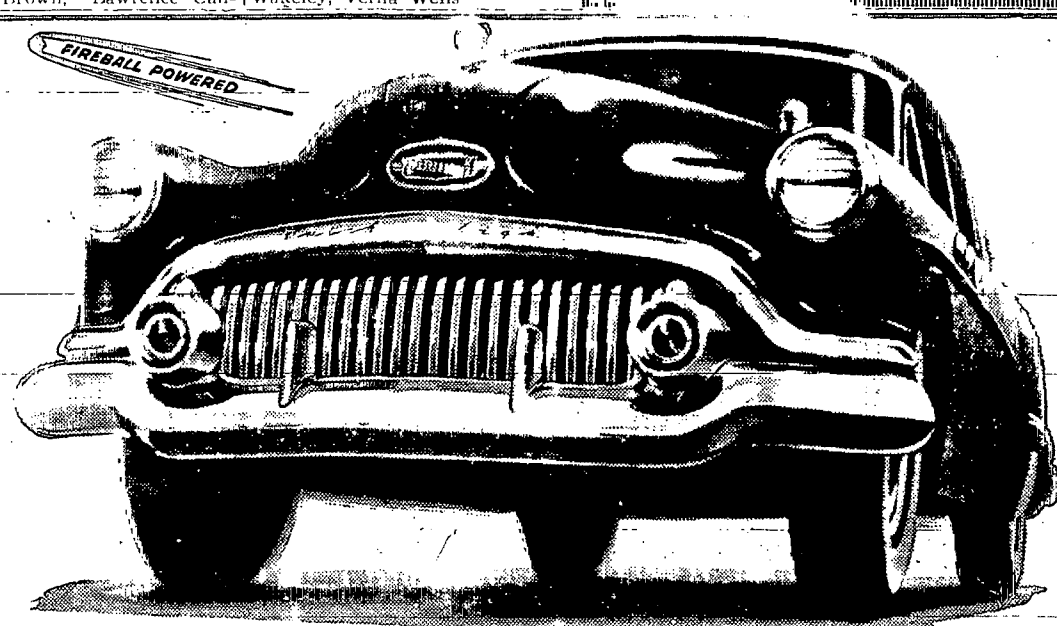

But farm labor will be scarce. Military drafts and high wages in war plants will drain labor resources in agriculture.

SORENSEN FUNERAL HOME

Long-term Investment that pays daily dividends

THESE days thoughtful people turn their minds to the durability of things they purchase.

But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire.

That's what's so marvelous about this '51 Buick.

If you picked a car just for the lift it gives you—your pride in its power—or its generous comfort—you couldn't make a better choice.

But make note of this:

That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection.

Springs of stout spiraled steel on all four wheels let your wheels curtsy over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown.

Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection

that comes only from years of experience with this basic design.

Dynaflow Drive gives you effortless smoothness of control—but it also eliminates clutch repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential.

The road-steady gait of a Buick assures relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you.

However you check it, you'll discover this: The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy.

Better see your Buick dealer—soon.

the Railroads **RESPECT** ...

What is the TRUTH?

the Labor Unions seek to **REPUDIATE** this agreement!

At various states in the present dispute with the brotherhoods of railroad operating employees

... the railroads agreed to arbitrate. The union leaders refused.

... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused.

... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused.

Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement.

The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and date indicated.

The Agreement is given in full below.

## MEMORANDUM OF AGREEMENT

Washington, D. C.  
December 21, 1950

1. Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.

2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.

3. Settle rules for 40 hour week and 6 day week.

4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.

## 5. Settle following rules:

Initial Terminal Delay (Conductors and Trainmen)  
Interdivisional Runs  
Pooling Caboose (Conductors and Trainmen)  
Reporting for Duty  
More than One Class of Service  
Switching Limits  
Air Hose (Conductors and Trainmen)  
Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)

6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.

7. Quarterly adjustment of wages on basis of cost

of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter shall be changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rates until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified. In addition to increases received under the cost of living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote and the referee shall have one vote.

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

\*\* The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

## Librarian Speaks To Woman's Club On Financing New Library

Editor's Note: Following is a  
talk given by Mrs. Augustus  
Funk, Crawford County li-  
brarian, to the Grayling Wom-  
an's Club concerning the fi-  
nancing of the library.

I have been asked to explain  
what it would mean to the Craw-  
ford County Library to receive the  
3/10 mill "tax money" from  
Crawford, and what is required  
to make our library here a qual-  
ified or Standard Library.

To begin with it would give us  
more money for our library. 3/10  
mill for this County would be less  
than 35c tax money per person in  
the County. Not a large amount  
but it would amount to \$1,435  
next year compared to \$500, we  
now get. (We get \$250 from the  
City and \$20 from the Super-  
visors.)

Until this year we have received

and no suit or proceedings at law  
or in equity having been insti-  
tuted to recover the debt, or any  
part thereof, secured by said  
mortgage, and the power of sale in  
said mortgage becoming operative  
by reason of such default.

NOTICE is hereby given that  
on Monday the 26th day of Feb-  
ruary, 1951, at 10:00 o'clock in the  
forenoon at the front door of the  
Court House in the City of Gray-  
ling, Michigan, that being the  
place of holding the Circuit Court  
for the County of Crawford, there  
will be offered for sale and sold  
to the highest bidder, at public  
auction or vendue, for the purpose  
of satisfying the amounts due and  
unpaid upon said mortgage, to-  
gether with the legal costs and  
charges of sale, including an at-  
torney fee of Seventy-Five Dollars  
as provided in said mortgage men-  
tioned and described as follows,  
to-wit:

"The North one-half (N<sup>1</sup>/<sub>2</sub>) of  
Lot Two (2) and Lot Eleven (11),  
Block Two (2), Salling-Hanson

Donald E. Bohemeyer having  
filed in said Court his petition,  
praying for license to mortgage the  
interest of said estate in cer-

State Aid and Equalization  
money. State-Aid was about 8c  
per capita or \$250 to \$300. The  
Equalization fund was between  
\$400, and \$450. So we have been  
receiving about \$700 from the  
State formerly that we did not get  
this year.

Two years ago there were sev-  
eral changes in the Library law.  
It was a move to require local  
governments to support their own  
institutions, one which is the li-  
brary. There will be no more  
equalization fund; and no more  
State Aid unless we get 3/10 mill  
or more tax money. State Aid is  
not more than \$300. It is just  
what the name implies "State-  
Aid"; but \$300 is quite a help in  
allowing more hours the library is  
open, and more books. However,  
getting State Aid gives us the  
feeling also that we are qualified.

For four years now we have re-  
ceived the penal fines in the li-  
brary. Penal fines are the  
money collected mostly from game  
violations. The Law Library is

## Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the  
foods he likes he's in mighty  
sorry shape—imagine going  
through life without being able  
to enjoy a fine big platter of  
bacon and eggs. That is the way  
Joseph N. Daniloff, 3414 E.  
5th Street, Dayton, Ohio, used  
to be, but since he has been  
taking HADACOL, he says he  
feels just fine and is able to  
enjoy lots and lots of fine  
foods.

Mr. Daniloff found  
that taking HADACOL helped his  
system overcome a deficiency of  
Vitamins B, B<sub>12</sub>, Nicotin and Iron.

Here is Mr. Daniloff's state-  
ment: "My first bottle of HAD-  
ACOL convinced me that HAD-  
ACOL was what I needed for the  
gas on my stomach at nights. I  
could not keep food on my stom-  
ach, but after the first bottle  
I was going great. Now I eat  
bacon and eggs, and other foods  
that never would stay with me.  
I also can sleep well at nights.  
Thanks to HADACOL I will  
never be without it, and can  
recommend it to all who suffer  
with the above ailments that I  
had. I know because I have  
suffered for quite some time."

allowed up to \$750 each year. The  
rest of the penal fines now go to  
public libraries in the County.  
This is the only public library in  
this County.

This year the penal fines were  
more than usual. This fine money  
and \$500 from the City and  
County was our only source of  
money. We do not qualify for  
penal fines unless we get at least  
3/10 mill tax money.

The State Board for Libraries  
considered our reports and the ef-  
fort we had made to get the 3/10  
mill tax money and allowed us  
the penal fines this year. Since  
we will not get our 3/10 mill  
again in 1951, they will again  
have to decide our case. Should  
we not be allowed the penal fines  
there will be only \$500 for next  
year's budget.

Last year we spent \$1,088 for  
books, 487 books; or a little more  
than 1/10 book per person in the  
County. There will be about the  
same this year. We hope to add  
each year and build a book col-  
lection that we can be more proud  
of.

Our Library now compares with  
the schools years ago with a few  
months school and a teacher less  
qualified than teachers are today.  
Let's try to get our library out of  
the hole and busy days.

When I have a call for a certain  
book and am able to find it or  
other material the patron can use,  
it is a great satisfaction. I quite  
often have a college student want-  
ing material; after hunting all my  
available sources, I suggest that  
I can get this material from the  
State Library in three or four days.  
They reply they are home for the  
week end and had some assign-  
ments they hoped to work on  
while here. A librarian feels de-  
feated and wishes for a much  
more complete collection of books.  
A chance to give better service.

We are much below the stand-  
ards for a Class II Library. A  
qualified County Library that  
serves from 3,000 to 5,000 people  
is a Class II Library. A minimum  
of 22 hours per week open is re-  
quired. A chief librarian holding  
a second grade certificate, one as-  
sistant holding a first grade cer-  
tificate. A book collection of 3  
to 10 books per person. (We have  
a collection of 34 book per person.)  
A County library should make  
books available to all persons in  
the County.

We will in a few years need  
larger quarters for a library. If  
we get 3/10 mill tax money some  
of it could be used for a building  
fund. The Penal and State-Aid  
could not.

There are four County libraries  
in this part of the State who be-  
gan two years ago trying to get  
the 3/10 mill. Gladwin, Missaukee,  
Crawford and Kalkaska. Glad-  
win and Crawford are still trying  
in Missaukee County at Lake City
